

YEAR 11 MASTERCLASS REVISION SESSIONS AND NOVEMBER ASSESSMENT TIMETABLE

Year 11 have now received via their year group google classroom the links to the masterclass virtual revision sessions - live and recorded. These are really helpful to support students in a wide range of subjects in independent learning.

The timetable for the Year 11 November assessments have also been released.

- Revision should be starting now
- 100% attendance and punctuality required
- Perfect behaviour
- Try your absolute best in every exam
- Read the instructions, the questions and check your answers
- Collect prom stamps from attending enrichment and do your home learning

FOCUS ON STAYING SAFE AND POSITIVE WELLBEING

Mental health can also be a concern during the cold, dark winter months. Usually when a child or young person feels sad, stressed, frightened, or worried, these feelings will pass with time and with help from family, friends, teachers or other health or care professionals.

There are lots of ways to get help, including (please click on links):

- **WF-I-Can** – an online resource for children and young people in Wakefield
- **Kooth** – a mental wellbeing community where young people can access safe, online support
- **Emotional and mental wellbeing guides** - information and resources on a range of mental health and wellbeing topics from the NHS.

To find out more about the health of children this winter, visit www.wakefield.gov.uk/winter-heroes

FIREWORK SAFETY

We would love for everyone to have a fantastic Halloween and Bonfire Night. However, it can be a time for injuries and distress. West Yorkshire Police have lots of information on their website and a reminder that any action where fireworks are used to harass, intimidate, or cause damage to others is a criminal act and anti-social. West Yorkshire Police will not tolerate this behaviour and the consequences are serious.

We wish you all a fun and safe time with family, friends and community enjoying these events.
