

Dear Parent/Carer,

As we head towards the summer, it's only natural for our pupils to be out and about in the community more frequently. The light nights and pleasant weather make for perfect conditions for being out socialising with friends.

This is perfectly normal teenage behaviour and the vast majority of the time, good for their physical and mental health.

However, we know that some young people can be manipulated into becoming involved in County Lines.

County Lines is where children are used in the supply of drugs, usually across local authority and police areas.

Would you know what signs to look out for in your teenager or how to gain help if you suspected they have become involved?

If you would like to find out more about how you can keep your child safe then join our free Online Parent Session on Monday 6th June 2022, 6:30pm-7:30pm.

This session will be lead by Claire Chambers (Interventions Teacher at Outwood Academy Hemsworth) and PC Caddick, West Yorkshire Police (based at Outwood Academy Hemsworth). You are not required to turn on your camera or microphone for this session.

Use this link to register your interest in attending.
